Tackle condensation the eco way

Designed to reduce moisture in cars, caravans, and motorhomes, this compact 350g silica gel bag absorbs up to 40% of its weight in water, keeping interiors dry, fresh, and fog-free. A cost-effective, eco-friendly alternative to disposable dehumidifiers, it can be easily recharged when the blue indicator turns pink—simply dry on a radiator, in an airing cupboard, or microwave for up to six minutes.
